

UNITED STATES AIR FORCES

June 30, 1943

Dear Miss McThym -

Received your latest communique was good to hear from back there again. Wanted to write sooner & thank the C. D. C. for the yearbook - it sure was the nicest present - I've received.

I'm about ready to move out of Birmingham - I expect to go the first part of next week - can't say I'll be sorry to move on - it really has been terrific here - I would like very much to head north a bit - but I'm afraid I'm heading further into the south.

See my your letter - that Bab is up to his old tricks & hasn't heard from him in weeks - if I ever catch up with him - I'll be onto him - I hear from Ed - quite often - got a card from Lido he is in Va. - can't say he is in love with our branch of the service - but I imagine he will become more satisfied as

he move on -

My next move from here is classification - in a very short time I am going to find out what the army intends to do with me after four long months - I'm interested no end - in finding out what is to be my lot.

They have been mighty rough on us here - the past few weeks each time we turned around we had a new class tacked on to our schedule. They had ^{us} going to a Celestial Navigation class from 8:45 - 9:45 P.M. - remember Lido & his Bowditch.

Will miss Mrs Lynn - I guess that's about all for now - I'll drop you a card with my new "home" address on it as soon as I land.

Once again hearty thanks for that yearbook.

Sincerely -

John Capone

P.S. Pleasant vacation!!

P.S. Greetings to Trucella
