Dear Miss McGlynn:

Many thanks for your card.

I'm sure sorry I didn't get to see you personally at the reunion.

Dick came into Commonwealth Pier a week ago Sunday. Thelma was so excited, she was crying and laughing. We drove down to Camp Mile[s] Standish, Taunton that afternoon - how wonderful he looked. He had even gained a little weight. Last Tues. he was released from Camp Devens for a 60 day furlough. So they will have a glorious summer. He hasn't enuf points to be discharged. He has no idea what his new assignment will be. They plan

to spend 3 weeks to a month in the White [Mountains] - [Lake] Winnepesaukee. Then a trip to [New York City] for them. They intend to have one glorious time - they both deserve it.

My brother, an Ensign, is still in the Pacific, aboard the aircraft carrier, Long Island. He has been into port a few times, but his stay hasn't been long enuf to let him get home.

It's now time, so I'll be shoving off.

Take care, have an extra pleasant summer, and do unite soon.

Love,
Marion
