Thanks for the list.

I certainly have met Hennie H.
He really is a character. At present,
he is sick in the hospital.

Yesterday I worked in
Silver's Mess Hall. We have three
mess halls, but Silver's is the most
popular. Everyone tries to eat
there, but we are assigned to
a definite Mess Hall.

In the classes that we
have to attend, Hennie Harwood
creates quite a commotion with
his peculiar speech mannerisms.
I get a big kick out of him.

An education is a hindrance in
this outfit. We are attempting to
get to O.C.S. but are very
uncertain about our chances.

Thanks again for the
list and your added comments
