Thanks for the list. I certainly have met Lennie H. He really is a character. At present, he is sick in the hospital.

Yesterday I worked in Silver's Mess Hall. We have three Mess Halls, but Silver's is the most popular. Everyone tries to eat there, but we are assigned to a definite Mess Hall.

In the classes that we have to attend, Lennie Harwood creates quite a commotion with his peculiar speech mannerisms.

I get a big kick out of him.

An education is a hindrance in this outfit. We are attempting to get to O.C.S [Officer Candidate School] but are very uncertain about our chances.

Thanks again for the list and your added comments.
