

Mele Kalikimaka from Hawaii

To wish you good cheer at Christmas ... and  
A happy and successful New Year ahead! *Dick*

Dear Edna,

"Making history" has kept me quite busy during recent weeks. Am here after 50 days on the deep. Rec'd your thoughtful Tomas greeting, your recent letters, notices from C. D. C. and its Christmas gift. I don't suppose I know many of the gang" who sent it but will you thank them for me. Hawaii is pleasant even around Dec. 25. The pastels on this card are indicative of its mellow climate and beautiful flowers (hibiscus & poinsetta mainly). Glad to hear Jim McKinlay is o. k. Wasn't aware of his predicament till a few days ago. Edna, to you, Priscilla and all the family may I say at this opportunity "May the Christ of Bethlehem show er you with his many blessings both now & thro'out the coming year.

Sincerely,  
Duke
