☆ Please let me take back when I said

" I think Kerouac's latter writting is very boring -"

Thats not true, & shows me talking like a jerk. I was just coming out of 5 years of shooting speed ~~obsession~~ obsession and I realey hadent read ~~of~~ Jacks latter writhing. a cuple yrs ago I read Vanity of Duluoz & loved it a lot. I dident know that Jack was writhing right up till the time he died. Some how I got hung up on this obssive "drinking" attidude. I only wished Jack had written more before he died so I could read it all.

P.S. Beet Juice puts iron in your blood!
