Dear Miss McGlynn:

Thanks for the grand letter - at a time when nice letters do a world of good. Some day when the world stops turning 7 times every 24 hours I'll answer with a letter. Right now I'm winding up (last 2 ½ wks.) of a tough 13 wks course - and time is the essence!

It was good to hear about college and some of the lads I know at least a little. Will certainly keep in touch with the Defense Committee.

I was in Washington, at the Army War College, but have been in Camp Lee since April 4. We graduate as 2nd lieutenants (we hope) on July 3 - then we are going to —?? We're going, anyway.

Best of greetings and wishes for health and happiness to all at home.

Sincerely,
Don S.
